State Questions Amends Oklahoma Constitution

STATE QUESTION NO. 805, INITIATIVE PETITION NO. 421

VOTE NO

This measure seeks to add **a new Article II-A to the Oklahoma Constitution**. This new Article excepts and does **not apply to persons who have ever been convicted of a violent felony**. It would **prohibit the use of a former (violent) felony conviction** to increase the statutorily allowable base range of punishment for a person subsequently convicted of a felony.

STATE QUESTION NO. 805, INITIATIVE PETITION NO. 421 (cont)**VOTE NO**

Individuals who are currently incarcerated for felony sentences that were enhanced based on one or more former felony convictions, and whose sentences are greater than the maximum sentence that may currently be imposed for such felonies, **may seek sentence modification in court.** The new Article sets forth a detailed process for such sentence modification, including but not limited to **requirements for a hearing, appointment of counsel for indigent petitioners,** and **notification of victims,** and requires that the court impose **a modified sentence no greater than the current maximum sentence which may be imposed on a person convicted of the same felony with no former felony convictions,** and which results in no greater time served in prison than under the original sentence. It **establishes an appeal procedure,** provides an effective date, contains a severability clause.

Horrible For You and the Police Stops the Police and Judges to be able to use Prior Convictions of Felonies in Court. This Hinders Police to uncover and put away serial killers, habitual crime such as rapist, child trafficking, violent beatings, drugs, thief, etc. ***If this passes, it will make our homes and streets more unsafe..***

This is RETROACTIVE - Overnight, this will create an immediate avalanche of "appeals" to reduce criminal sentence, of multiple crimes(**GET OUT OF JAIL CARD**). Want to Reduce and Release "Non-Violent" sentence plus affects victims.

Oklahoma's "Non-Violent" CrimesManslaughter in the 2nd degree,

Child pornography

Soliciting sexual conduct/communication with a minor

Domestic assault and battery with dangerous weapon

Domestic assault and battery

Burglary in the second or third degree

Extortion by threats

Grand Larceny (over \$1000)

Theft of an automobile, aircraft or farm equipment

Aggravated assault and battery

These are just a few of "non-Violent" Crime in Oklahoma

Rape in the second degree

Assault and battery on a police officer

Maiming

Placing bomb or device with intent to injure/destroy property

Selling and Trafficking drugs

Driving und the influence

Leaving the scene of a collision resulting in injury or death

Assault and Battery on a medical worker

Arson in the 2nd, 3rd, or 4th degree

Sex offender living within 2000 feet of school, daycare, park

Do You want these people back into your neighborhood or business?

SOCIALISM. A person can rape multiple people, but the judge will only know about one RAPE, and the person will receive the minimal sentence, thinking it is their 1st offense, instead of multiple crimes. One sentence fits all, regardless of the number of repetitive crimes, encourages more crime and does not deter criminals to stop their behavior. This enables violent persons to get out of prison early, to repeat their offenses, possibly against their witnesses and/or victims again.

STATE QUESTION NO. 814, LEGISLATIVE REFERENDUM NO. 375**VOTE YES**

This measure seeks to amend Article 10, Section 40 of the Oklahoma Constitution (Section 40), which directs proceeds from the **State's settlements with or judgments against tobacco companies.** Currently, Section 40 directs 75% of proceeds to the Tobacco Settlement Endowment Trust Fund (TSET Fund), where earnings may only be used for tobacco prevention programs, cancer research, and other such programs to maintain or improve the health of Oklahomans. Meanwhile, the remaining **25% of proceeds are directed to a separate fund for the Legislature.**

The Legislature can also direct some of that 25% to the Attorney General. (Conflict of Interest)

This measure amends Section 40 to that go into the TSET Fund **from 75% to 25%.** As a result, the remaining 75% will go to the Legislative Fund (for them to spend) and the Legislature may continue to direct a portion to the Attorney General. The measure would also restrict the use of the Legislative Fund. Section 40 currently states only that the Legislative Fund is subject to legislative appropriation. If this measure passes, money from the **Legislative Fund must be used to get federal matching funds for Oklahoma's Medicaid Program.**

Medicaid is to be use for the elderly, not adults down to 18 years of age, which OK passed. It takes from the elderly and gives to able body working adults. This expansion of medicare is another move to destroy our economy, as the Costs will be astronomical and deters people to work. Here Legislature are using funds from another account to pay for the Costs of Medicaid from.
